INDOOR AREAS

The maximum number of permitted people within a designated room is to be based on State Government Requirements. It is expressed as One Person Per "X" Square Metres.

e.g. Room Size: 12m x 5m = 60sqm / Required Personal Space (the number set by your Government.)

If the Required Personal Space number is 4 sqm, the number of people permitted in the room is 15.

At 1 June 2020 the **Required Personal Space Number** in all States and Territories other than Western Australia is (four) 4. The Western Australian number AT 1 June 2020 is (two) 2.
